

Put Art on the Map in Calumet!

Calling All Artists to a *SECOND* Community Conversation

What stories do the **arts** tell about the Calumet Region? How can the **arts** help to shape the region's future? Join us and **share your vision** for a possible **Calumet Heritage Area** in Northwest Indiana and Northeast Illinois. Together we will **explore** the potential **role of the arts** in a future heritage area, so don't miss the chance to have your say and put the arts on a Calumet cultural resource map.

Come prepared to talk about your arts practice and other arts groups in your community.

Monday, May 12th

5:30pm - 7:30pm

Vodak/East Side Branch, Chicago Public Library

3710 E 106th St

Chicago, IL 60617

About a Calumet Heritage Area

Across the country, National Heritage Area designations have helped benefit local communities and landscapes. This is the second in a series of community conversations about the potential for creating a heritage area for the Calumet region, where residents, organizations, and businesses will be asked to share their visions of how the region's heritage can help to build its future. Hosted by The Field Museum in collaboration with the Calumet Heritage Partnership, these conversations will contribute to an application for establishing a Calumet National Heritage Area.

To RSVP or for more information, contact Madeleine Tudor:
